Our Junk Removal Services

From a single item to a full property cleanout, South Shore Junk Removal handles it all. We are fully mobile and take just about every type of junk. Below is what we do, with free onsite quotes on every job.

Residential Junk Removal

Whether you are moving, downsizing, or finally tackling years of buildup, we clear out homes top to bottom. We take appliances, electronics, mattresses and box springs, furniture like couches and armchairs, hot tubs, carpets, and just about anything else inside the home. Closets, spare rooms, attics, whole houses, we handle it with care and leave your space ready for whatever comes next.

Appliance and Electronics Removal

Old refrigerators, washers, dryers, dishwashers, stoves, and water heaters are heavy and awkward to move, and outdated TVs, computers, and electronics pile up just as fast. We disconnect, lift, and haul it all out for you, then recycle the metal and components responsibly.

Furniture Removal

Couches, sectionals, armchairs, mattresses and box springs, dressers, desks, and that recliner nobody sits in anymore. We carry it all out without scuffing your walls, and we donate gently used pieces to local charities whenever we can.

Construction and Demolition Debris

Remodeling a kitchen or finishing a basement? We clear away drywall, lumber, tile, flooring, carpet, fixtures, and the rest of the mess so your contractor can keep moving and your site stays safe.

Demolition and Structure Removal

Some junk is bolted, buried, or built in place. We tear out and haul away swing-sets, above-ground pools, concrete, brick and rocks, sheds, patios, decks, and fences. Our crew does the breakdown and the cleanup, so you get a clear, level space without lifting a tool.

Estate Cleanouts

Clearing a loved one's home is never easy. We handle estate cleanouts with patience and respect, working at your pace and sorting items for donation so the things that can help others find a new home.

Garage and Basement Cleanouts

Garages and basements collect everything. Boxes, tools, old paint cans, broken gear, and piles you have stopped noticing. We clear it all out and hand you back a space you can actually use again.

Full Clean-Outs

When you need a space cleared completely, we empty it from wall to wall. Whole homes, apartments, rental units, offices, and properties getting ready for sale, we haul out every last item and leave the place broom-ready. One crew, one price, and nothing left behind.

Yard Waste Removal

Branches, brush, leaves, old fencing, and storm debris add up fast on the South Shore. We haul away yard waste and outdoor junk so your property looks clean and cared for.

Hot Tub Removal

Hot tubs are bulky, heavy, and a real pain to get rid of. Our crew breaks them down and hauls them out, deck or patio, no damage and no stress for you.

Commercial Junk Removal

Offices, retail spaces, restaurants, and job sites all generate junk. We clear out desks, filing cabinets, cubicles, chairs, pallets, electronics, old fixtures, and construction debris on a schedule that keeps your business running. Fast, insured, and dependable.
